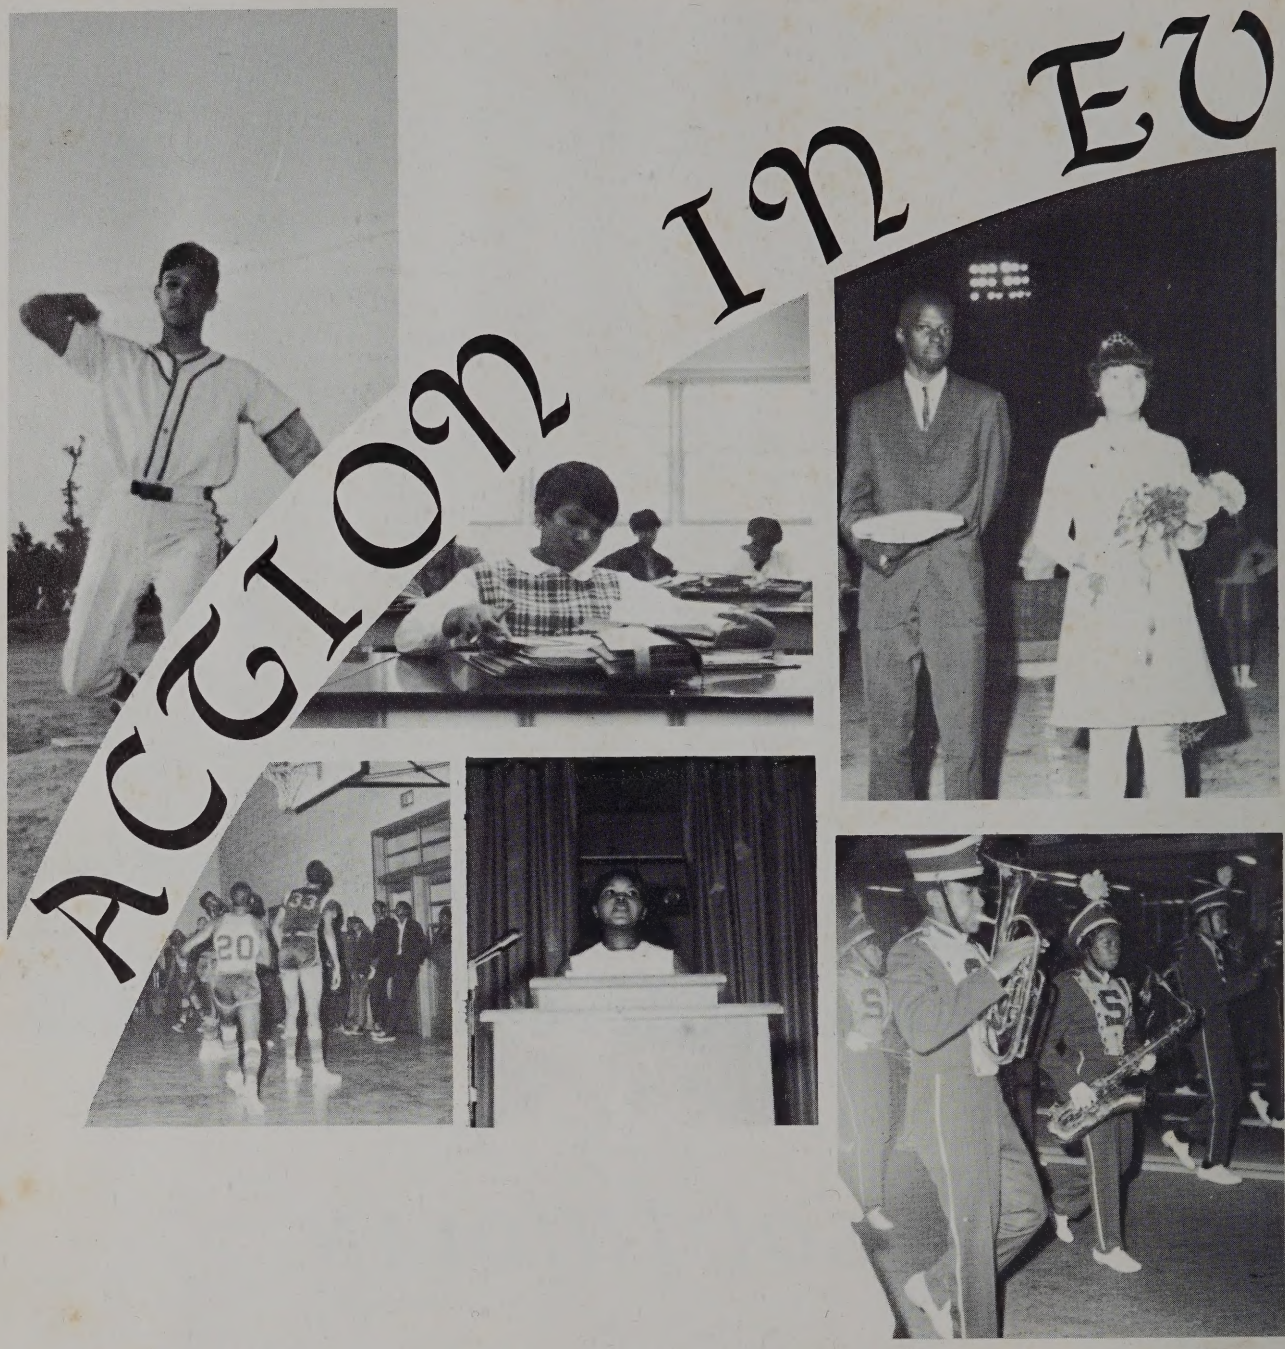
THE SOUTHSIDIAN '6

THE SOUTHIDIAN

SOUTHSIDE HIGH SCHOOL

Dinwiddie, Virginia



FOREWORD

The theme was chosen because of the realization that there is definitely action in every direction at Southside High School. This year we have captured many of the actions of those who have taken part in our school life.

The staff of 1968-69 worked very diligently in editing this annual and hope that you enjoy it as much as they enjoyed editing it.

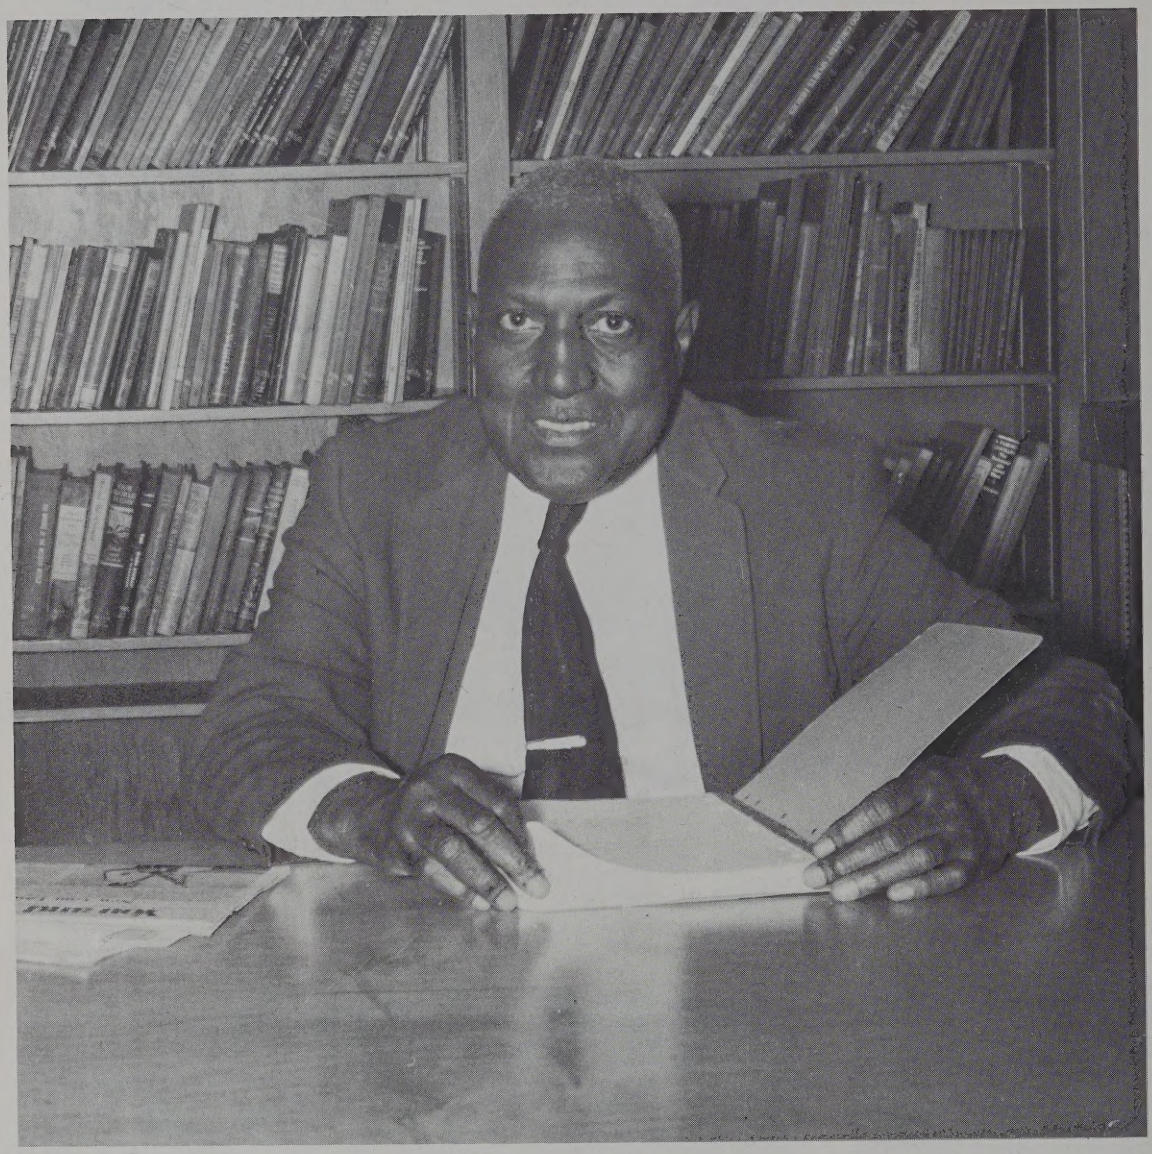
DEDICATION

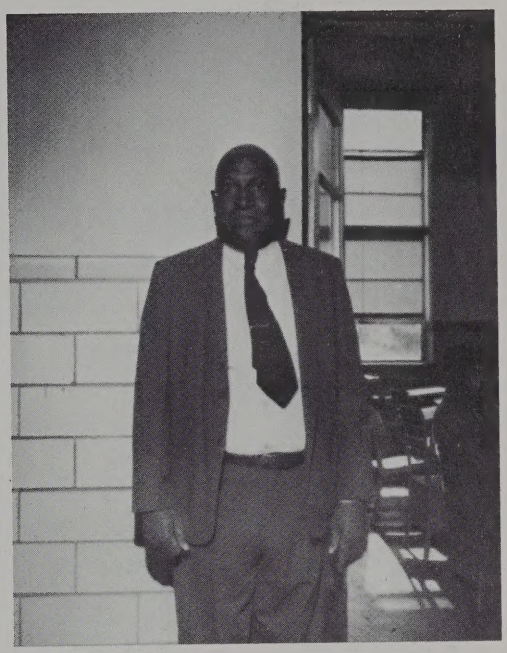


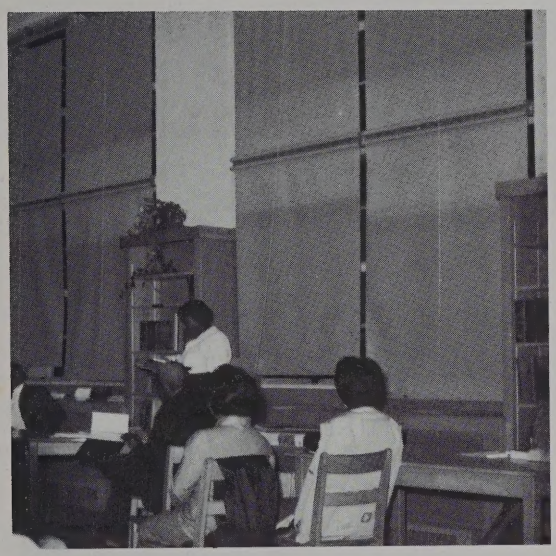
The Yearbook Staff proudly dedicates this year's book to Mr. Gerald T. Gooden, a member of the Southside High School Faculty. Throughout the years, Mr. Gooden has been a loyal, dedicated teacher, serving not only in the Dinwiddie County school system but in its churches, civic activities, recreational program and many other activities.

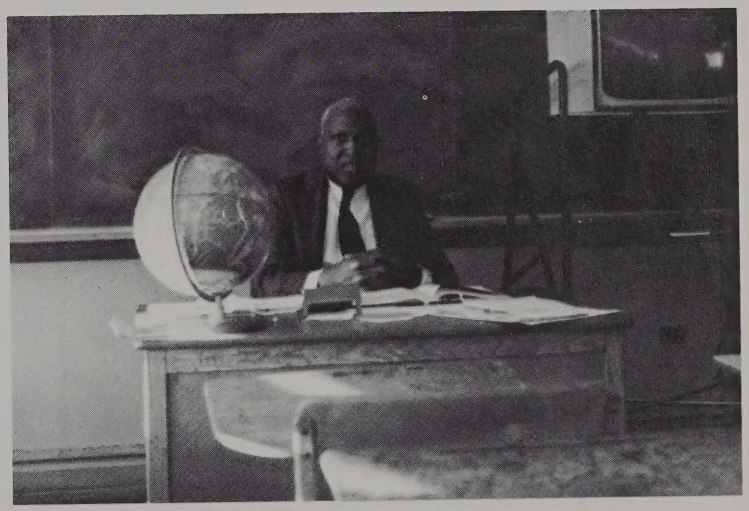
We salute Mr. Gooden for his many and varied activities throughout his teaching career, and for his untiring service to the school and county. Seldom is there an activity at Southside unless he is present. He has taught many of the parents who now have students in school, as well as some of our teachers.

May you live long, Mr. Gooden, and may you always be ready to lend a helping hand in the future as you have always done in the past.

The Southsidian Staff







STATEMENT BY PRINCIPAL

As I look forward to the transitional and uncertain years ahead, I pause to give my sincere thanks and appreciation to all members of our staff and student body who gave so fully and unselfishly to aims and goals of education and to the development of desirable traits of citizenship.

We hope that history will judge us fairly for what we have tried to do here. As we look to the future, we shall cherish the many experiences we have had here at Southside High School. I thank the Yearbook Staff for its diligence in recounting and recording our past and present activities. As we realize that this episode of our lives is coming to a close, let us look forward to a new chapter in our lives with resolution and determination.

Sincerely,

Jonathan O. Lee, Sr.

Good Gas Service Makes Warm Friends

Although now you are graduates, you can do a great service for the rest of us, if you never cease to be students--looking for opportunities and ways to cherish the American system of free enterprise and to improve the American way of life. You can be thankful for free schools in a country where you can worship and work and think and talk as you please. This is your heritage from the people who built America.

The FUTURE is pretty largely in your hands--you must be vigilant and active to combat the evils of socialism, government domination of private industry, and all the "isms" that destroy democracy. We depend upon you to do a good job.
